

# Culture & the Environment

## A Select Bibliography of Juvenile Literature

All items are located in the Hodges Library **Juvenile Literature Collection** in the Reserves Area on the 2nd floor. Juvenile Literature books can be checked out.

**Destination: Rain Forest; by Jonathan Grupper, 1997.**

Hodges Reserves / Juvenile Coll. 333.75G78d

*Describes the unique environment of and the varied animal and plant life found in the world's tropical rain forests.*

**Squishy, Misty, Damp & Muddy: The In-Between World of Wetlands; Molly Cone, 1996.**

Hodges Reserves / Juvenile Coll. 574.5C714s

*Describes the damp environment of wetlands, the useful purposes they serve, and the plants and animals that inhabit them.*

**Where Once There Was a Wood; Denise Fleming, 1996.**

Hodges Reserves / Juvenile Coll. 639.9F44w

*Examines the many forms of wildlife that can be displaced if their environment is destroyed by development and discusses how communities and schools can provide spaces for them to live.*

**Lostman's River; Cynthia DeFelice, 1994.**

Hodges Reserves / Juvenile Coll. FD312Lo

*In the early 1900s, thirteen-year-old Tyler encounters vicious hunters whose actions threaten to destroy the Everglades ecosystem, and as a result joins the battle to protect that fragile environment.*

**Ian & Fred's Big Green Book, 1993.**

Hodges Reserves / Juvenile Coll. 333.7P42ia

**The Illustrated Reference Book of Man and Machines; James Mitchell (ed.), 1982**

Hodges Reserves / Juvenile Coll. 600144

*Short articles examine the way in which man is changing the environment and his own society by industrial development and use of natural resources.*

**As Dead as a Dodo; Paul Rice & Peter Mayle, 1981.**

Hodges Reserves / Juvenile Coll. 591.042R524a

*Describes sixteen extinct animals and explores the reasons for their extinction. Also discusses presently endangered species in the context of the indifferent attitude people often have toward their environment.*

**Alternate Energy Sources, by Jane Werner Watson, 1979.**

Hodges Reserves / Juvenile Coll. 333.7W388a

*Discusses alternate sources of energy such as the sun, wind, and water, which are both renewable and harmless to the environment.*

**Pollution; Herta S. Breiter, 1978.**

Hodges Reserves / Juvenile Coll. 363.6B745p

*Discusses various kinds of pollution, their causes, and different ways to improve the environment.*

**The Ennead; Jan Mark, 1978.**

Hodges Reserves / Juvenile Coll. FM3440e

*Colonists from a dying Earth find a new solar system similar to the one they left behind and proceed to repeat the same destructive pattern in their new environment until near disaster makes them change their living pattern.*

**Our Dirty Land, by Sarah M. Elliott, 1976.**

Hodges Reserves / Juvenile Coll. 363.6E554o

*Discusses many aspects of our present, polluted environment including refuse disposal methods, the Wilderness Act, stripmining, pesticides, land laws, and activities to make each of us a land saver.*
